

1 50804/JEJ/A484

ABSTRACT OF THE DISCLOSURE

5 An apparatus for dispensing cylindrical objects and loose
coins having a case, a cylindrical object dispenser positioned
inside of the case, a loose coin dispenser positioned inside
of the case; and a central controller electronically coupled
to the cylindrical object dispenser and the loose coin
dispenser, the controller controlling both the operation of
10 the cylindrical object dispenser and the operation of the
loose coin dispenser.
